APPLICATION

The Alluserv Flat Tray Drying Rack can support any tray line layout. These drying racks are designed to provide a convenient and organized method of drying and storing trays for meal assembly. The Flat Tray Drying Rack accomodates 14"x18", 15"x20", 16"x22" trays, as well as room service tray sizes.

SPECIFICATIONS

This Alluserv drying rack is designed with four heavy-duty stainless steel shelves on a 14-gauge stainless steel frame. This design provides the most air flow and ventilation to dry your trays in a timely manner. Rack includes 12 stainless steel removable tray holder sections that hold 7 trays each. The unit maneuvers easily on four 5" diameter swivel casters with non-marking cushion tread, two with brakes.
