APPLICATION

The Alluserv Value tray cart series includes advanced features, making it ideal for any tray delivery operation. Carts are designed for easy maneuvering and cleaning, making your operation as simple as possible.

SPECIFICATIONS

The cart body is available in .063" aluminum or 18-gauge stainless steel. Single door design features a full-length hinge and heavy duty stainless steel gravity latch. The door is made of .090" aluminum or 16-gauge stainless steel and opens 270° to lay against the side of the cart. The contoured seamless tray slides have 5" spacing and are easily removable for better cleaning. Available for tray sizes 15"x20" or 14"x18". The base is made of .125 aluminum, or 14-gauge stainless steel. Dual vertical push handles are mounted on the rear of the cart. The exterior base has a full perimeter bumper. Casters, 2-fixed and 2 swivel with brakes, feature a 6" diameter wheel with a 2" wide rounded soft tread to ensure a smooth and quiet ride over all surfaces. NSF listed.
